## What You Will Learn

**Produce** photoresist masks with RapidMask®, Ultra Pro™, R3™, R5™, and PB Vinyl™.

**Produce professional sandcarvings** that demonstrate multi-stage carvings, halftones and compound curves for your showroom floor.

**Learn, discuss and demonstrate** creating artwork (including your personal images if requested) for photoresist using Corel and Adobe software programs. Items demonstrated include halftones, multi-stage carvings, shading and compound curved surfaces.

**Learn how to produce** the same high-quality graphic design from 10 to 10,000 pieces with tips and tricks presented with photoresist films and sandcarving equipment.

**Learn how to personalize** or etch logos and commemorative wording on a variety of substrates including glass, crystal, mirrors, granite, ceramic, rock, brick, wood and glassware. You're welcome to bring your own, unique substrates to personalize.

**Learn and discuss equipment** including process and sandcarving. Low cost equipment will be presented as well as higher production, higher cost equipment.

**Learn how to color fill** with the AirPen Pro and other professional paint fill applications.

**Learn how to use UV glue** for a variety of applications.
